Davenport, Iowa. Nov. 12. 1883

To the Curator of the Cockran Gallery,
 Washington City—

Dear Sir

I have been for several
 years anxious to secure some
 of the beautiful Photographs
 of the pictures in your Gallery
 so that in some way these
 can be secured for the D.
 Academy of Nat Sciences an
 institution devoted to the "increase
 & diffusion of knowledge" & building
 a fine building ^{of its own} without debt.

In the presentation of the ^{\$4,500} ^{dollar}

 deed "I will express the hope
 that it may be found practicable

provision for an art gallery".

Thus in erecting the building a large & beautiful room was made for this purpose lit with sky light - in this room we

have given several loan Exhibitions & once a few oil paintings - a picture of Galileo before the Tribunal being the best - Now my dear

sir can you help us to make this room more attractive & worthy the name. Any thing you please to do will be acknowledged by the Officers of the Acad & will be most gratefully received. Very yours Truly

Chas C. E. Putnam.

Mr. S. P. Avery informs me
that you will lend me some
assistance in placing an
Agassiz bust in the Concoran

The bust is the work of Mr.
Preston Powers and is an
excellent piece of sculpture.

He is the only sculptor
who has executed an order
from Mrs Garfield of a
bust of the late President &
is becoming a prominent
sculptor here in the East.

Any information you can
give me will be most gladly
received.

Is it possible to place a bust of Prof Agassiz in the gallery for sale?

It is life size & the work of sculptor-
